For top U.S. virus experts, faith and science work together

By ELANA SCHOR
Associated Press

NEW YORK (AP) — The relationship between faith and science has faced its share of strain during the coronavirus pandemic — but for some scientists leading the nation's response, the two have worked in concert. National Institutes of Health Director Francis Collins founded a nonprofit focused on "the harmony between science and biblical faith."

Anthony Fauci, NIH's senior infectious disease specialist, has said he isn't active in organized religion but credited his Jesuit schooling with burnishing the values that drive his public service. And Robert Redfield, director of the Centers for Disease Control and Prevention, describes his faith and his public health work as mutually reinforcing. "One of the great things about faith is, you can approach life with a sense of hope — no matter what the challenges you're dealing with, that there's a path forward," Redfield told The Associated Press.

The influence of faith on some of the government's top coronavirus fighters illustrates its complicated connection to science.

Gobierno a dicidi di prolonga fast track despues di seis luna

ORANJESTAD - Alrededor di 2 mil cupo di trabao a produci e proyectonan di construccion cu a start aworaki for di gobierno a bin cu e fase 1 di flexibilidad di e shelter in place. E nivel aki a inclui e apertura di e sector aki, entre otro actividad economico.

E cifra aki a wordo duna ayera mainta pa director di departamento di Infrastructura y Planificacion (DIP), Haime Croes kende a referi riba e proyectonan fast track. E funcionario a bisa cu nan ta bayendo bon. Pero tambe nan ta hayando prioridad pa reactiva nos economia.

El a informa cu gobierno a dicidi di prolonga e fast track despues di seis luna. Nan intencion ta pa mas proyecto innovador por drenta pa asina nan por guia nan riba e caminda mas facil pa nan por wordo concretisa. Aproximadamente 60 proyecto a pasa den e categoria di fast track. DIP por mira cu un 44% di nan, ta proyectonan relaciona cu mantencion. “Hopi di nan ta den pleno ehecucion,” el a bisa. Igualmente un 24% di e proyectonan ta relaciona cu construccion di cas. Tambe nan ta mira un 14% relaciona cu proyecto turistico. Despues cu nos pais a cay den un total recesion debi na e crisis di Coronavirus/Covid-19, e meta ta cu e proyectonan fast track lo yuda reactiva nos economia mas lihe posibel. Croes a bisa cu e balor total di e inversion ta casi 1 miyon florin.

Tin 18 proyecto totalmente nobo riba seis sector cu Aruba ta cuminsa explora. Nan a bira un posibilidad pa trece diversidad den nos actividad economico cu pa basta aña a cay riba e pilar economico di turismo.

“Nan ta proyectonan hopi ambicioso y moderno,” el a bisa. E ta haya cu e proyectonan aki mester bira e curason di nos economia pa futuro.

Nan ta proyectonan na balor di 47 miyon. Un 27% ta relata na agricultura y tambe loke ta wordo yama economia nobo relaciona cu cannabis. Nan ta proyectonan cu a cuminsa cana nan caminda hayando financiamento.

Pero DIP ta bezig con nan por yuda den e iniciativa empresarial aki pa nan por cuminsa lihe. Pero ya caba e proyectonan a cana gran parti di nan trayecto pa nan wordo ehecuta. DIP ta spera cu den transcurso di e proximo 6 luna, nan por bin cu un porcentahe halto di e 18 proyecto aki pa nan por cuminsa cu nan caba.

DIP ta poniendo atencion cu otro instancianan manera departamento Economico y Banco Central riba proyectonan cu mester wordo ehecuta entre 3 pa 6 luna. Nan ta fast track e proyectonan aki pa nan wordo ehecuta mas lihe cu ta posibel, kitando burocracia, pero cumpliendo y kedando den margen di ley, segun director di DIP.

Minister Chris Romero:

‘Oil Rigs den awanan teritorial di Aruba lo genera un entrada adicional’

ORANJESTAD - Awe mainta minister di Transporte, Sector Primario y Comunicacion, Chris Romero a ofrece un conferencia di prensa pa splica e necesidad di busca otro forma di entrada pa isla Aruba, tumando den cuenta e golpi cu e area turistico a ricibi di e pandemia COVID-19.

El a duna di conoce cu a reuni cu diferente departamento, pa asina crea otro tipo di entrada pa yuda stimula y atrae mas economia a traves di sector maritimo.

Geograficamente, Aruba ta ubica den un parti di mundo caminda tin peliger chikito pa loke ta trata horcan y tormentanan por pasa den su awanan compara cu otro paisnan. E awanan ta relativamente seco, loke ta nifica cu no ta hopi hundo y tambe cu Aruba ta isla sigur. Cu e factornan aki, Romero a sigura cu diferente pais a puntra si por hancra nan barconan, pero tambe nan plataformanan petrolero ‘Oil Rigs’. Di e manera aki, lo por staciona den awanan teritorial di Aruba caminda cu lo genera un entrada adicional pa e pais.

Romero a expresa cu esaki ta pa motibo cu dos tin oil rigs cu ta den e parti zuid di e isla cu actualmente no ta trahando. Di mesun manera, el a splica cu e beneficio di esaki no ta solamente directo. Sino cu unabes cu un oil rig ta asina para den awanan teritorial di Aruba, e ta contribui na e caha di gobierno directamente, pa motibo cu ta paga tarifa conforme cu e peso y tambe ta paga diferente belasting cu ta concerni riba esaki.

“Esaki nos ta trahando pa hacie mas atractivo manera otro paisnan tambe a hacie”, Romero a comenta.

Di loke ta trata e beneficionan indirecto, Romero a bisa cu ta ‘spin-off effect’ cu lo bay crea unabes cu tin barco- y plataformanan staciona den awanan teritorial, cu ta pa diversifica e economia.

El a duna como ehemplo cu e barconan aki tin tripulantenan a bordo, cu mester di cuminda y otro productonan. Pero tambe mester piesanan y partinan pa mantene e plataformanan. Di e manera aki ta crea e spin-off effect. Tambe tin companianan local cu mester hiba of trece productonan, como tambe e parti di siguridad, cu segun e mes a señala, e manera aki ta mas grandi pa contribui compara cu e placa cu ta bay directamente pa caha di gobierno.

Un di e otro spin-off effect tambe ta e momento cu e barconan ta cambia di tripulante y nan mester bay nan pais bek y otro tripulante ta bin. Na e momento ey tambe lo mester di hotel, transporte, restaurant, etc. y e efecto lo bay ta mas grandi den e parti di economia.

Di loke ta trata e parti di beneficio maritimo, Romero a specifica cu esaki lo trece mas bida maritimo como tambe piscanan di otro partinan y esaki ta claramente contribui pa e sector primario, caminda e piscadonan cu ta biba di esaki tambe lo haya beneficio.

Hospital ta sinta riba rapport Paptest

ORANJESTAD – Algun tempo pasa e caso di fraude na laboratorio di Hospital Horacio Oduber a hala hopi atencion. Despues a bira keto... y esey den un caso unda casi un miyon florin di placa di comunidad a disparce.

Placa di comunidad pasobra finalmente ta nos seguro medico AZV ta core cu e gastonan aki. Bon Dia Aruba a trata di haya mas informacion con ta para actualmente cu e caso aki, unda supuestamente Paptestnan lo a bay Hulanda pa analisis, mientras cu anteriormente tabata procesa e testnan na Aruba mes. Nos a logra di haya un reaccion di entre otro Hospital, AZV y Ministerio Publico riba e asunto aki.

Di vocero di Hospital, sra. Charlene Huntington, nos a haya tende cu actualmente Hospital tin un caso den corte entama contra e dos personanan implica y ta prefera di no duna mas comentario riba esaki. Riba nos pregunta a confirma cu tabatin un rapport traha caba cu a evalua e asunto, pero no por duna mas comentario riba esaki. Tambe nos a haci e pregunta si ta e intencion pa haci un denuncia na Ministerio Publico como cu ta obvio (pa nos, red.) cu ta trata aki di un delito cometi na Aruba, y ademas no un chikito. Riba esey atrobe nos a haya e contesta cu na e momento aki no por comenta. Tampoco nos por a haya sa ki tipo di caso ta den corte actualmente. A confirma pa Bon Dia Aruba cu actualmente ta haci e testnan na Aruba mes, pero no por a duna un prijs pa esakinan.

For di vocero di Ministerio Publico, mr. Ann Angela, nos a haya di comprende cu ta pendiente di loke Hospital ta bay haci cu e caso. Sin embargo, nos a puntra tambe pakico Ministerio Publico riba su propio iniciativa no ta entama un investigacion penal, mirando cu asina hopi detaye di e caso a bin dilanti caba den publicidad, tambe pero no unicamente di banda di Hospital mes. Riba esey nos lo a haya un contesta ainda. Nos a referi den esey na e caso Ibis, unda supuestamente algun indicacion riba Facebook a duna inicio na e investigacion di Ministerio Publico, cu a conduci na caida di e ministro envolvi. Pues tin precedente na Aruba cu ministerio Publico por actua riba su mes iniciativa.

Nos tabatin un conversacion tambe cu vocero di AZV, sra. Solange Tchong, cu a informa nos cu AZV ta pendiente pa haya informacion final di Hospital, cu mester responsabilisa e gasto haci aki. AZV tambe a comprende cu tin un rapport caba riba e caso, pero cu esaki no a yega cerca AZV ainda. Di banda di AZV ta confirma cu e daño financiero ta pa AZV, cu ta paga e gastonan haci pa Hospital y tambe den e caso aki di e laboratorio.

Pa recapitula algun dato basico di e caso: ta trata aki di algo mas di 2.000 Paptest cu lo mester a bay Hulanda pa analisis. Sin embargo, a bin resulta cu esey nunca a sucede y cu a procesa e testnan aki mes. Como cu e procesamento di e testnan na Aruba ta costa un fraccion di e 190 euro cu e empresa na Hulanda, cu tabata aparentemente un front pa e hefe Hulandes di e laboratorio, a cobra Hospital y finalmente AZV, lo a paga u suma exagera pa un trabao cu nunca a tuma lugar, en todo caso no na Hulanda. E suma total envolvi tabata core den mas di 440.000 euro, casi 1 miyon florin, calcula pa redaccion di Bon Dia Aruba na promer instante ora a publica e noticia di primicia dia 19 di juli 2019 (por haya acceso na esaki door di scan e QR code), pero tambe confirma despues pa ex-director di Hospital den un rueda di prensa.

Bon Dia Aruba

Nota di redaccion:
Ta inimaginable cu tanto luna despues cu e sucedido a sali na luz di dia, ainda no tin un claridad riba e asunto aki. Tin basta tempo cu e rapport ta disponible, pero no tin ningun avance den e caso. Awor ta haya tende cu tin un caso den corte contra e dos culpablenan, loke dificilmente por ta algo otro cu un caso di disolucion di contrato laboral. Un posible indicacion cu no tin intencion di bay Ministerio Publico mes cu un denuncia... Si esey resulta berdad, anto Hospital ta drechando caminda pa ofrece e dos culpablenan un 'easy way out'? Anto por lo demas tur instancia cu mester actua, di e directiva di fundacion di laboratorio, di Hospital, di AZV, y OM ta para wak otro? Ora cu pueblo bisa cu 'claro cu nada ta pasa, pasobra tin Hulandes envolvi aden', nos tin sigur cu tin hende ta rabia y zundra cu tin hende den comunidad ta discrimina. Kico otro nan mester pensa?

Gerencia di Triple A tin cu deal cu dos sindicato

STA a gana referendum den cinco departamento di aeropuerto

ORANJESTAD - Ayera sindicato STA a logra e mayoria di voto durante e referendum cu a tuma luga den sede di Mediador di Gobierno pa cinco departamento di aeropuerto (Triple A).

Mediador di Gobierno, Anselmo Pontilius a declara cu den tur cinco referendum, sindicato STA a haya mas voto absoluto cu sindicato FTA.

E tabata un referendum maratonico for di 8:30 a.m. te cu 2:30 p.m., ora cu e resultado di e ultimo referendum pa e trahadonan di security di aeropuerto a wordo conoci. E tabata e grupo mas grandi di 76 trahado. STA ta esun cu a pidi e referendum, pero sindicato FTA tambe a participa den dje. E cinco departamentonan di aeropuerto cu a participa den e referendum ta: charlie charlie, ASU, AMU, Security y Landside.

Mediador di Gobierno, Anselmo Pontilius a declara cu ley ta permiti pa realisa referendum pa departamento. Aña pasa FTA tabata esun cu a haya mayoria den un referendum den aeropuerto. Pero ayera despues di e resultado final di e cinco referendum, awor gerencia di aeropuerto tin dos sindicato cu ta representa nan trahadonan pa atende cu nan.

Pontilius a bisa cu esaki no ta e prome caminda cu e dunado di trabao ta hay'e cu dos sindicato pa aden. Den e caso aki gerencia di Triple A N.V. tin cu bay mira con e ta bay negosha un contract colectivo (CAO) cu dos sindicato. FTA ta representa trahadonan den staf y un grupo di trahado general. Mientras cu sindicato STA cu semper a haci presencia den aeropuerto a gana referendum den cinco departamento.

"Aworaki mediante referendum e compania no por nenga nan e derecho di negosha un contract colectivo," Pontilius a bisa. Ya sea cu gerencia di aeropuerto ta sinta conhuntamente cu ambos sindicato. Of tambe nan por sinta separa di e partidonan pa negosha un CAO.

E hecho cu tin dos sindicato den un compania, e ta debilita of fortalece posicion di e trahadonan? Riba e pregunta aki, Pontilius a contesta cu esaki ta depende con dirigente sindical mes hunto cu e trahadonan ta sinta hunto pa evalua nan meta comun, y con nan ta bay atende cu esaki. "Pasobra na final e resultado di un contract colectivo ta conta pa tur trahado, sin excepcion," el a bisa.

Fact Check: Abogado scogi pa minister no tin experticio ambiental

ORANJESTAD— Segun Minister di Infrastructura, a busca un abogado di Corsou pa defende minister den e caso sumario cuminsa pa un habitante di Parkietenbos pasobra no tabatin experticio riba materia di medio ambiente y waste management na Aruba. Sinembargo nos matutino a confirma cu e abogado cu a scoge no tin experticio specifico riba medio ambiente. Ademas, ta trata aki di un caso di 'hinder': proceduranan civil cu abogadonan na Aruba sa sigui.

Asina Minister di Infrastructura Marisol Lopez-Tromp (POR) a declara ayera mainta den conferencia di prensa riba pregunta di un periodista. Manera Bon Dia a yega di raporta caba, Anouk Balentina, habitante di Parkietenbos, a cuminsa e caso sumario pasobra e y su yiunan ta sufri pa via di e kimamento di entre otro material medico na dump, mientras e fundacion cu a colecta firma pa stop esaki no ta actuando y no a sinta cu e habitantenan. Mescos cu a raporta caba, no tin un conclusion ainda mirando cu hues no a dicta si no a duna gobierno oportunidad pa drecha e situacion y a 'hou aan' e caso temporalmente.

Parlamentario a puntra tocante abogado pero no tin contesta desde februari

Loke a resalta desde cu a cuminsa e caso, ta cu a scoge pa trece un abogado di Corsou pa representa e minister, mientras tin abogadonan na Aruba cu lo por represent'e. Referente esaki Marlon Sneek di fraccion di AVP riba 13 di februari a lansa un par di pregunta por escrito unda ta pidi un splicacion riba esaki. Bon Dia a check cu Sneek si a ricibi contesta riba esaki, pero Sneek a indica cu te dia di awe no tin contesta riba su preguntanan. E preguntanan cu Sneek a haci (traduci) ta:

1. Dicon a scoge pa un abogado of bufete di Corsou en bes di un situa na Aruba?
2. Kico ta e tarifa cu e bufete ta cobra di pais Aruba pa ora?
3. Cua ta e tarifanan rasonabel estableci pa DWJZ cu un abogado por cobra di gobierno?
4. Dicon pais Aruba no a scoge pa un representante di DWJZ mes?

Minister: 'Abogado di Corsou no ta cobra mas cu cualkier otro abogado di Aruba'

Aunke te ainda no a duna contesta riba e parlamentario su preguntanan, awe mainta minister a informa cu e abogado/bufete en cuestion no ta cobra mas cu cualkier otro abogado aki na Aruba. E contesta aki, sinembargo, no ta contesta specificamente Sneek su pregunta riba cuanto ta e tarifa pa ora ni dicon no a scoge pa DWJZ, ni cua ta e tarifanan estableci pa e departamento huridico.

Abogado scogi pa minister no tin experticio specifico ambiental

Riba e pregunta dicon no a scoge pa un abogado di Aruba, Lopez-Tromp a contesta lo siguiente: "T'asina cu como minister pa cada caso cu presenta na mi persona, semper bo kier haya un bon representacion pa gana e caso pa land Aruba y loke semper mi ta wak ta e parti di experticio y conocemento riba e materia di un abogado. E ta hopi importante y e caso aki cu ta toca hinder pa loke ta nos ciudadanonan cu ta sinti esaki, e no un tema cualkier tema. E ta un tema cu sigur tin su experticio y conocemento rond di dje, pa ora bo bay splica den corte, y den e caso aki manera mi a menciona, mi ta wak ken tin experticio y conocemento riba medio ambiente, riba naturalesa, y experiencia cu e tipo di caso aki. Aki na Aruba, lo mi desea e ora ey pa e medio di prensa informa mi of bisa mi si e lo sa cu tin un abogado cu experticio riba milieu en waste management. Pasobra cu ami sa, no tin echt e experticio ey den abogacia [na Aruba]."

Sinembargo, despues di a mira riba website di e bufete di abogado Ox & Wolf, no por a mira cu e abogado en cuestion tin experticio di medio ambiente, of 'hinder'. Pa sigura cu no ta publica informacion eroneo, nos reportero a yama e abogado, y e abogado a splica cu e no tin experiencia specifico den area di medio ambiente, si den representa gobierno. Ademas cu ta trata aki di 'hinder' y no naturalesa/medio ambiente.

Balentina: 'Pasobra no tin ley di medio ambiente mester cana via hinder'

Nos a tuma contacto tambe cu Balentina, y Balentina a indica mescos cu e abogado a indica cu e caso ta trata hinder. E rason dicon ta cana via hinder, cual ta un articulo den codigo civil di Aruba, ta pasobra no tin ley ambiental. Balentina a comenta ademas cu: "Tin abogado na Aruba cu a yega di haci hopi caso di hinder". Aki por pensa riba entre otro David Kock y Geert Rep, e ultimo aki representando Aruba Birdlife Conservation, por ehempel. Balentina a comenta finalmente cu: "Si tabata proteha medio ambiente lo tin ley di medio ambiente. No por medio di busca un abogado di afo pa bringa un ciudadano cu ta luchando pa su salud."

Cultura despues di coronavirus

ORANJESTAD - Ciudadnan rond di mundo a keda afecta pa e pandemia global di coronavirus COVID-19, awor mas cu nunca ta un momento dificil, e poder di cultura y creatividad mester probecha pa fortalece e vinculo entre persona- y ciudadnan.

E medio cultural tambe ta keda afecta pa e crisis crea pa coronavirus y awor e pregunta ta con e cultura y arte lo sigui, con lo organisa actividadnan cultural y con e medionan local lo haci pa comparti arte na distancia.

UNESCO a haci siguimento tocante luganan cu ta forma parti di patrimonio mundial cu na e momentonan aki ta totalmente cera, museonan y institucionnan cultural ta perde miyones di dollar di ingreso dia pa dia. Ta mobilisando e comunidad internacional pa mehora e acceso pa cultura y patrimonio online, pa asina fomenta e capacidad di resiliencia di artistanan.

E necesidad di digitalisa e cultura den e circunstancia aki a yega y di mesun manera mester tin apoyo di personanan involucra den industria cultural. Festividadnan y eventonan cultural a wordo cancela di manera sorpresivo, cual a pone pa pensa riba su futuro y su relacion cu hermentnan di comunicacion, dado e aislamento cu mundo ta biba door coronavirus.
Tur cos a cambia, tambe hopi artista musical a ofrece conciertonan di un manera menos convencional, por ehemplo, Rolling Stones cu for di cas a graba videonan cu a wordo mira pa miyones di persona via internet, loke por califica como un exito.

Cu esaki, cultura a logra mantene un vinculo cu su audiencia aunke di manera limita. A traves di rednan social, website y plataforma digital e comunicacion a sigui y museonan a cuminsa habri pa ricibi e hendenan utilisando protocol di

salubridad segun Organisacion Mundial di Salud (WHO) ta regarda.

Bon Dia Aruba a puntra Stanley Dabian, PR di Departamento di Cultura Aruba, tocante e topico aki. El contesta cu e posicion di e departamento na e momentonan aki pa loke ta trata cultura despues di coronavirus ta cu nan mester identifica prome loke ta trata e 'Normal Nobo' y mester yega na un acuerdo pa realisa a base di un maneho di Gobierno di Aruba. Na momento cu esey ta keda cla y fiha, poco poco lo por yena con tur cos lo cana.

Ta berdad cu ya caba nan a cuminsa pensa mas riba proyectonan digital y documenta, mirando e distanciamento social cu mester existi.

Tambe el a informa cu na Aruba ta existi e competencia denomina 'Arte di palabra Aruba (AdP) cu mester a tuma luga dia 28 di maart y a wordo cancela pa motibo di e pandemia.
Di esaki, Comision di AdP cu ta consisti di personal di Departamento di Cultura Aruba y miembronan di Fundacion Corector di Papiamento (FCP), a bin cu un idea pa organisa un AdP virtual. Den e caso aki a mantene e reglanan simpel y no via scolnan manera normalmente ta e caso, cu diferente categoria. Un cantidad di 8 hoben a participa na e competencia virtual aki, cual ta hobennan cu a yega di participa na e competencia AdP den pasado. E hobennan mester a graba nan presentacion di poesia/storia via un video y manda esaki online. Un cuerpo di hurado di 3 miembro a husga e obranan pa asina yega na un resultado final.
Ayera diahuebs 28 di mei, ganado y participantenan a ricibi nan certificado y premio na Departamento di Cultura, cu a wordo entrega pa director di e departamento Siegfried Dumfries.

Di mesun manera, el a menciona cu e competencia di Arte di Palabra ABC cu ta ser organisa entre e islanan ABC tambe a ser cancela. E aña aki e mester a tuma luga na Boneiro pa celebracion di Boneiro su di 15 aniversario.

Brigada di Ehercito Mericano lo yega Colombia pa apoya lucha contra narcotrafico

BOGOTA (Infobae/WordPress) - Un unidad specialisa di Ehercito di Merca lo yega na Colombia den e proximo dianan pa conseha y yuda e Forsanan Militar di e pais sur Americano den operacionnan di lucha contra narcotrafico durante cuatro luna, embahada Mericano a informa diaranson ultimo.

E brigada lo yega na comienso di juni, e embahada a bisa sin specifica e cantidad di efectivo militar cu lo conforma.

Esaki ta e prome biaha cu e brigada lo traha cu un pais di Latino America, un hecho cu ta reafirma e compromiso di Merca cu Colombia, su miho aliado y amigo den e region, di acuerdo cu loke e Gobierno di Washington a bisa.

"E mision di SFAB na Colombia ta un oportunidad pa mustra nos compromiso mutuo contra narcotrafico y apoyo pa e paz regional, e respet di soberania y e promesa duradero di defende idealnan y balornan comparti", e almirante Craig Feller, comandante en hefe di Comando Sur di Merca, a bisa den un comunicado.

Colombia a cera aña pasa cu 212.000 hectar di blachi di coca, materia prima di cocaina, na 2018 tabatin 208.000 hectar, mientras cu su capacidad pa produci droga a aumenta pa 951 ton desde 879 ton cu tabatin na 2018, Oficina di Politica Nacional di Control di Droga di Cas Blanco a specifica.

Colombia ta enfrenta un presion permanente di Merca, destino principal di su envio di cocaina, pa reduci e area cultiva. Presidente Ivan Duque a establece un meta pa elimina na 2020 130.000 hectar di blachi di coca, desde

100.000 di aña pasa, y ta inclui e posibilidad di reestablece e fumigacion den areanan.

E pais a suspende e fumigacion aereo cu glisofato na 2015 pa via di un recomendacion di Organisacion Mundial di Salud (WHO), cu ta considera cu glisofato ta ocasiona cancer y ta dañino pa e salud y medio ambiente.

Pandemia di hamber, insiguridad pa coronavirus lo golpia 14 miyon persona na Latino America

(Infobae) - Por lo menos 14 miyon persona lo por pasa hamber na Latino America debi na e pandemia creciente di coronavirus, cu ta aisla hende na cas, destrui luganan di trabou y lastra e economia, segun Programa Mundial di Alimento di Nacionnan Uni.

Segun algun prevision nobo publica diaranson den oranan di anochi, a inclui e violento aumento di insiguridad alimentario. Mientras cu na 2019 a afecta 3,4 miyon di persona, e cifra lo por ta cuatro biaha mayor e aña aki den un di e regionnan mas vulnerabel di mundo.

"Nos ta drentando den un fase hopi complica", Miguel Barreto, director regional di PMA pa Latino America y Caribe a bisa. "Esaki ta loke nos a yama e pandemia di hamber."

Den tur e region por mira e sombra di hamber. Ciudadanonan desespera no ta cumpli e cuarentena pa sali den busca di placa y cuminda, of nan ta colga bandera cora of blanco desde nan cas pa pidi ayudo. Hopi di e personanan aki ta trahadonan informal cu ta forma un parti di e forsa di trabou Latino Americano, mientras cu otronan a cay den pobresa despues di perde nan trabou memey di un crisis economico historico.

Ta probabel cu e cantidad di persona cu ta pasa hamber ta mayor cu esun cu a wordo calcula pa ONU, cu ta conta e cifranan di e 11 pais unda nan ta opera. Por ehemplo, e calculo no ta inclui Venezuela, na unda un di cada tres persona a pasa hamber e aña pasa, segun un estudio di agencia alimentario na 2019.

E pandemia COVID-19 ta castiga Latino America. Brasil ta e di dos pais na mundo cu mas hende infecta, tras di Merca, y e cifranan ta aumenta na Peru, Chile, Mexico y otro luganan, loke ta aumenta e presion riba hospitalnan y poblacionnan pober tanto den zona rural como urbano.

Cuba: Preparando pa ricibi turista atrobe

(CiberCuba/PrensaLatina) – Mescos tur otro destinacion turistico den Caribe, Cuba tambe mester a cera porta temporalmente pa turista di exterior. Esey a afecta tur e sectornan cu ta alimenta pa turismo, tambe e doñonan di un 'almendron' e nomber local pa un di joyanan automobilistico di añanan 50 y 60 cu na Cuba a bira parti di e cultura local.

Juvel Osvaldo Tur, doño y conductor di un Ford Fairlane 1956, ta prepara pa un temporada turistico na Cuba di cual e no sa ki dia e lo cuminsa, ni den ki condicion, a consecuencia di e pandemia di e coronavirus, a conta Prensa Latina.

Manera otro chauffeur di 'almendron', e habitante aki di bario El Cerro ta gana su pan cu paseo pa turista den Habana. Su principal ruta ta cuminsa na Plaza de la Revolucion y ta inclui Habana Vieja y Malecon.

E Cubano aki ta mantene un auto na bida cu den cualkier otro lugar lo ta un reliquia. Juvel Osvaldo Tur ta bisa cu mayoria di e piesanan di su auto ta original, salvo e motor Mercedes, cu cinco cilinder (diesel) y e transmision, cu a adapta.

"Mi auto tabata V-8 di fabrica, pero aki bo mester inventa y p'esey nos ta adapta motor Hapones, Coreano, y di otro procedencia. Mi auto ta automatico ainda, cu su diferencial original, igual e dashboard y 90 porciento di e body," el a agrega.

Manera hopi otro trahador den sector priva, e no por ofrece su servicio na e momento aki, pa motibo di e fronteranan cera y e suspension di licencia pa transportista priva, loke ta haci imposible pa haya algun entrada.

Na inicio di e pandemia, ministerio di Trabao y Seguridad Social a adverti cu transporte lo tabata un di e sectornan mas golpea pa e medidanan tuma pa gobierno Cubano.

Venezuela: Pendiente acusacion Mericano contra Cilia Flores pa narcotrafico

(LaPatilla/Reuters) - Estadonan Uni lo ta preparando pa acusa esposa di Nicolas Maduro den e proximo lunanan pa delito cu por inclui trafico di droga y corupcion, asina cuatro persona cu conoce e caso a conta Reuters.

Cuatro aña pasa, un figura menos importante den liderazgo Venezolano a ser aresta na Colombia y extradita pa Estadonan Uni pa enfrenta cargo pa narcotrafico. El a resulta un captura importante. E homber, Yazenky Lamas, a traha como guardaespalda pa e persona cu hopi ta considera como e poder tras di Nicolas Maduro: Cilia Flores.

Awor, cu ayudo di e testimonio di Lamas, ta anticipa cu Estadonan Uni ta acusa Flores den e proximo lunanan, segun e personanan cu a papia cu Reuters. Si Washington sigui cu e acusacion, e personanan a bisa, ta anticipa cu e cargonan por ta bin, al menos pa un parti, di un transaccion fracasa cu cocaina y cu a hiba dos sobrino di Flores pa un centro penitenciario di Florida.

Nicole Navas, portavoz di Departamento di Husticia Mericano, a nenga di duna comentario encuanto cualkier posible acusacion contra Flores.

Di su parti, Jorge Rodriguez, ministro encarga cu comunicacion na Venezuela, a bisa Reuters den un mensahe di texto cu e preguntanan encuanto e posible acusacion di Flores na Merca tabata 'calumnioso y insultante'.

Den un serie di entrevista cu Reuters, e promernan cu Lamas a duna desde su detencion, e ex-guardaespalda a bisa cu Flores tabata al tanto di e asunto di trafico di cocaina pa cual e dos sobrinonan a keda condena pa un tribunal na Merca.

Flores tambe a usa su posicion privilegia, Lamas a bisa, pa recompensa miembronan di e famia cu puesto importante y bon paga, un reclamo respalda pa otro persona entrevista pa e articulo aki.

Venezuela: Produccion Orinoco a cay te 235.000 bari

(LaPatilla/Reuters) - Produccion di crudo di Pdvsa y su socionan den Faha di Orinoco, a cay te na 235.000 bari pa dia (bpd), equivalente na 18% di e capacidad maximo di 1,3 miyon bpd di e region, debi na limitacion di almacenamento y falta di crudo liviano pa mezcla cu e crudo pisa, segun un informe tecnico revisa pa S&P Global Platts.

Esaki ta e nivel di produccion mas abao registra na region di Orinoco desde september 2019, tempo cu e produccion a cay te 233.000 bpd debi na un blackout grandi cu a paralisa henter Venezuela. Produccion promedio di april tabata 390.000 bpd.

Produccion a keda afecta pa un candela grandi dia 28 di april den tankinan di almacenamento di e Centro di Operacion na Morichal. E accidente a afecta tambe produccion di Petrolera Sinovensa, e joint venture propiedad pa 60% di Pdvsa y pa 40% di CNPC (China), loke a obliga na ciere no programa di 212 pos, segun e informe tecnico menciona.

Dia 19 di mei a reestablece produccion na Sinovensa, sin embargo algun tanki di crudo na e Centro di Operacion no a ser drecha despues di e accidente y no ta disponible.

Ademas e capacidad di almacena crudo na e terminal di José, estado Anzoategui, no ta disponible pasobra e tankinan ta yena cu crudo cu no a logra bende pa motibo di e sancionnan Mericano. Den e informe no tabatin cifra di e cantidad di crudo actualmente almacena na Morichal y José.

E produccion na Orinoco tambe ta afecta pa falta di crudo liviano Mesa 30 pa mezcla cu e crudo pisa. E Mesa 30 lo ta bay na refineria El Palito unda ta haci intento pa reinicia produccion di gasolin.

Parlamento a aproba cambio di presupuesto pa apoyo di likides

DEN HAAG (curacaochronile)- Tweede Kamer a vota pa un unanimidad na fabor di e dos amienda presupuestario pa facilita dos parti di apoyo di likides pa Aruba, Curaçao and St. Maarten.

Tur e partido den Tweede Kamer a vota na fabor di e dos presupuesto nan di ley separa pa amienda di e presupuesto di Relacionnan di Reino na 2020, Referi como presupuesto complementario incidental, pa facilita e prome y segundo parti di e apoyo di likides di gobierno Hulandes pa e tres paisnan autonomo di Caribe Hulandes.

Ta trata di prestamonan sin interes cu un duracion di dos aña bou un serie di condicionnan estricto. En total e dos partinan pa e tres paisnan un suma di 640.3 miyon florin (325.5 miyon euro).

Ademas di e apoyo di likides, e segundo presupuesto complementario incidental ta inclui un cantidad di 16,t miyon euro pa ayudo humanitario den forma di paketenan di alimento pa e personanan mas nesesita di Caribe hulandes. Di e cantidad, 16 miyon di euro ta pa Aruba, Curaçao y St. Maarten, y 500,000 euro ta pa Bonaire, St. Eustatius y Saba.

Bou di e prome parti di april 2020. St Maarten a ricibi NAf. 50.2 miyon, menos cu tres miyon di euro pa e costo cu a sufri daño di Hulanda pa aloha e prizoneronan di e prizon di St Maarten. E segundo parti di St. Maarten lo ricibi NAf. 53 miyon. E apoyo financiero ta destina pa cubri e periodo te cu 30 di juni.
Aruba a ricibi Afl. 42.8 miyon den e prome parti y Afl. 113.3 miyon den e segundo parti. Pa Curaçao un cantidad di NAf. 177 miyon a ser aproba den e prome parti y NAf. 204 miyon den e segundo parti.

Tambe tabatin un apoyo amplio, aunke no solido, pa e mocion di Chris van Dam di e partido cristian democratico CDA tocante e vinculo di capacidad di detencion na St. Maarten cu e futuro ayudo di likides pa e pais.

Presenta hunto cu André Bosman di e partido VVD democratico liberal y Ronald van Raak di e Partido Socialista (SP),, e mocion a ricibi un si di tur e partidonan den Tweede Kamer, excepto e partido Libertad PVV y e partido di e tercer edad 50Plus .

Van Dam a splica durante e presentacion di e mocion siman pasa cu e prizon tabata un tema hopi tempo caba y cu e kier a duna secretario di estado di asuntonan interior y relacionnan di reino Raymon Knops e respaldo di parlamento pa asegura cu e cosnan realmente mehora na e prizon di Pointe Blanche.

E situacionnan di detencion na St. Maarten specificamente e prizon di Pointe Blanche, ta un preocupacion grandi pa basta tempo caba. Acuerdo na a ser haci na varios ocasion entre St. Maarten y Hulanda. No por ta cu awo nos ta lubida di e acuerdonan aki. E mayoria di e prizon definitivamente mester ser parti di discusionnan pa obtene mas apoyo financiero", Van Dam a bisa despues di e votacion.

Den e mocion ta inclui cu, considerando e varios rapport di e comite di progreso di St. Maarten y e conseho di aplicacion di ley, e calidad y capacidad di e prizon di St. Maarten ta hopi abou di e normanan humanitario y di derechonan humano aceptable.

A conclui ademas cu Knops, cu un carta di 15 di april 2019, a declara cu a estableci condicionnan pa e apoyo likides na St. Maarten pa e añanan di 2019 y 2020 tocante e capacidad di detencion. E mocion a ser cuestiona pa kico e condicionnan a ser estableci prome y no e bes aki.

Durante di e debate plenario Van Dam a bisa cu el a perde tur fe cu St. Maarten lo tackle e problema di e tema di e prizon Pointe Blanche riba su mes. E ta puntra pakico Hulanda mester yuda financieramente un pais na unda cu prizoneronan ta cera den un prizon cu amigonan y enemigonan defini como hell".
Knops no opone na e mocion ora el a presenta na mesa siman pasa. E no ta exclui na e momento aki e capacidad di e detencion lo converti den un condicion den e maneho di solicitudnan posterior di apoyo di likides d St. Maarten. El a bisa cu e tabata dispuesto pa wak desde un perspectiva amplio".

Van Dam a declara den un reaccion despues di e votacion cu e lo warda mas accion di Knops. " E sa kico mester ta parti di e plannan", el a bisa.

Hulanda ta faya pa tackle perdida di biodiversidad

AMSTERDAM (Dutchnews.nl) - Gobierno Hulandes a inverti 11 biyon euro den mehora y apoya e campo Hulandes y e reservanan natural desde 1990, pero cu poco efecto, Trouw a raporta. E documento ta basa su reclamo den un analisis di e rapport, mescos cu e entrevista cu expertonan y organisacionnan di patrimonio natural.

" E ambicionnan nunca a ser realisa", e profesor di universidad di Groningen Hans Olff a bisa. Mientras cu mas natural a ser crea e paisahe ta demasiado fragmenta y un mas cohesion ta crucial pa mantene matanan y animalnan den un pais chikito como Hulanda", Olff a bisa. Un fayo ta e esfuerso pa protege e area grandi inhabita yama black grouse, cual a bira practicamente extinct pa motibo nan a ser converti den terenonan di cultivo. Sinembargo EU a yega na un acuerdo 30 aña pasa cu no mester permiti cu e number di especienan reduci ainda mas, esaki ta segun e documento.

Luna pasa ecologista di universidad di Wageningen a adverti cu alrededor di 70% di especie di mata y 40% di parha lo disparce di Hulanda. Y e fondo mundial pa naturalesa a bisa na februari cu e poblacion di wild life na Hulanda a reduci na e mita den e ultimo 30 aña, na partinan grandi debi na e contaminacion di nitrogen. E WWF a bisa cu esaki ta mustra cu e areanan afecta por recupera, pero solamente si por convence pa cambia na un forma mas amigable cu medio ambiente di practica agricultura y si e reservanan natural ta bira mas resistente pa conecta hunto.

Hiacintha Thijsen Trimon :

'Raymond Knops no por bin trapa ariba Aruba, cu su boer klompen cu ta yena cu afvoer di un cura di porco cu e tin'

ORANJESTAD - Ta un loco of un incapacita den pensamento manera Raymond Knops cu un mente dudoso di tereno di Porco, E mes awor aki ta wordo husga pa un tereno cu E a haya na prijs di Baca flaco a la AVP. "Staatssecretaris Raymond Knops uit Hegelsom is in de tijd dat hij Kamerlid was voor enkele tienduizenden euro's bevoordeeld bij de koop van de grond voor zijn huis". Dat melden NRC en De Limburger.

por yega na un conclusion, cu Aruba mester bay corta adhok 5 miyon Florin pa luna den A.Z.V. Knopje vindt je dat niet belachelijk om zo iets te zeggen, je moet je schamen, maar ja je behoort tot AVPCDA, wiens brood men eet diens woord men spreekt. Aruba a hereda un Mega debe di Biyones di Florin di e Gobierno anterior cu ta pio cu e corona virus. Mike Eman A.V.P y cu Hulanda su Bendicion, Aprobacion y Consentimento pa tur Mike Eman su maldadnan di malvercion, y a permiti corupcion na gran escala pa hundi Aruba. Aruba ta den problema grandi cu scarsedad di placa pa yuda tene trahadonan na trabou.

Hulanda a permiti pa Mike Eman Goberna Aruba manera een Kip Zonder Kop, al estilo di Piratanan cu a envadi Paisnan pober y ta horta tur nan rikesanan. Mi mama a conta mi cu Hulanda a bay cu tur Aruba su oro pa traha un kitrinchi pa La Reina core aden. Hulanda a permiti pa e rovers nest di Mike Eman en zijn Piraten bende y pluma Aruba su terenonan pa Parlamentarionan, y Ministernan bira rico. Na Pos chikito tin un cangreu preto cu ta biba den lodo y ta hole stinki a haya un tereno hopi grandi banda di santana di Sabana Basora a verkavel e tereno pa bende pa bira rico ariba custia di pueblo. Tur compinchinan y famianan di A.V.P, a probecha di a horta Aruba su terenonan. Hulanda a permiti pa Mike Eman tene man cu Narcotraficante, manera Pablo Escobar, Kico Gomez, Nicolaas Maduro, Pollo Carvajal??? Spartaco Ghinni di Italia, Montesino, y hopi mas y Hulanda no a permiti pa extradita El Pollo Carvahal??? pa Merca. D.J Chucki cu a ricibi condecoracion di Boutersen amigo di Mike Eman y Otmar Oduber a trece e concierto di Electric Festival Aruba,y na Miami nan a nenga entrada di Electric Festival pa motibo di Extacy un droga, pa overdose nos hobennan. y na Aruba Mike Eman y Otmar Oduber a tuma Electric festival brasa habri y Boutersen cu a hospeda na Tiera del Sol. Boutersen ta busca pa husticia pa su crimennan`. Wie met Pek omgat wordt ermee besmet. Nos Status Aparte y nos Autonomia, Piratanan corupto ladron hamas por bay mishi cune, y mucho menos pa torno'e, ta un traidor so cu mente di batata putri por pensa esey. Si nos bira mañan un Gemeente di Hulanda tur trahado aki na Aruba lo ta di segunda categoria, ta trabou di laba tayo, waiter bari cu mop y muha mata lo tin pa Arubianonan, y acopla cu un minimumloon. Nos Hospital ta yena cu Macambanan y na Boneiro ta mescos. Aruba no tin culpa cu Hulanda a haci Aruba su colonia. Si Hulanda por a regala, Paisnan Grandi manera Italia y Grecia biyones di euro, anto ta Hulanda su deber y obligacion di regala Aruba placa tambe, bende e Gouden Koets cu ta traha cu oro di Aruba y manda e placa pa Aruba. Ora cu meneer Knopje tuma un decision, e mester Pensa Plania, pa despues e ehecuta su mal pensamentonan. Meneer Knopje mester corda cu Aruba tambe ta den un Crisis di Corona Virus, y cu nos Prome Minister mr Evelyn Wever Croes a sa di maneh'e perfectamente bon. Meneer Knopje no por bin cu presion ariba Aruba pa corta ariba un galiña pluma cu Mike Eman a pluma. Si awe Hulanda na cuminsamento a para Mike Eman su cabay, Aruba no ta den e catastrofe di e mal maneho di durante 8aña di Mike Eman su Gobernacion. Pero Hulanda a djis para un banda bati man y a laga Mike Eman haci y deshaci di Aruba su terenonan na su antoho, pasobra Hulanda sa cu na Aruba no tin husticia. No ta Hulanda so kier abusa di Aruba, pero cierto Fiscalnan y Huesnan tambe, desde cu O.M Alexander Van Dam a bay Hulanda. Ministerio di Husticia a bay den un winter slaap, y no kier lanta for di nan dushi soño di marmot. Mester castiga y cera e coruptonan di tereno cu ta bende tereno di pueblo pa caba, y manda nan Prizon pa nan por siña, cu tereno di pueblo Bo no ta horta, ta un ladron, so ta horta cos di otro hende. Aruba ta sclama pa Husticia. Tur esnan cu a participa den ladronicia di tereno y Labamento di placa, y cu a tene man cu Narcotraficantenan mester wordo deteni y cera den calaboso

Fiscal Jolanda Pronk en Fiscal Deutecom doe iets met Mike Eman zijn rovers nest.

Benny Nisbet (PPA):

'Prensa tin un rol vital y importante pa nos estado democratico'

ORANJESTAD - Nos Constitucion/Staatsregeling ta menciona den su memorie van Toelichting: 'In een democratische samenleving heeft een onafhankelijke pers een dermate belangrijke fucntie dat niet toegestaan kan worden dat bestuursorganen alle beleidsvrijheid krijgen om al dan niet de pers haar werk onmogelijk te maken'.

Yegando final di nos Toque de keda y mayoria medida cu Gobierno Wever Croes a decreta PPA ta sinti necesidad pa duna e siguiente declaracion riba e topico di derecho di un prensa Liber dentro di nos sociedad democratico! PPA a wanta publicacion di e articulo aki ora Gobierno a yega na un acuerdo pa laga Prensa sigui cu su tarea den oranan di e Toque de Keda apesar cu esaki tabata pa 3 grupo so pa anochi.
Mundo ta sigui confronta e asina yama Coronavirus/Covid 19 y nos pais tambe.
Basa riba esaki Gobierno di Aruba a haya ta necesario pa utilisa e asina yama Calamiteitsverordening pa temporalmente hala derecho constitucional di nos ciudadania un banda.
Manera ta conoci nos Constitucion di Aruba ta regla varios derecho constitucional pa nos ciudadania cu por wordo temporalmente hala un banda basa riba un Ley nacional esta un Landversverordening den periodo di crisis.
Basa riba e Ley pa Calamidad Ministro Presidente mr. Evelyn Wever a decreta un Toque de keda y a prohibi tanto pueblo di ta riba caya como nos Prensa liber di por haci nan trabou durante e Toque de Keda! Esaki na inicio di e Toque de Keda.
PPA ta considera e 'dieptepunt' di mas abou pa nos estado democratico ora Cuerpo di Polis mes a cuminsa filma nan tarea en bes di un prensa liber. Aki Aruba a yega cerca na locual ta wordo yama un 'Politiestaat' algo cu sigur e constitucion di Aruba no a crea.
PPA a respeta e decision di gobierno di Aruba y a haci un 6 pa 7 apelacion na pueblo pa medio di 'facebook' pa respeta autoridad pa cu reglanan decreta.
Sinembargo e decision di Gobierno pa no respeta e rol 'vital' di prensa si PPA No por a sostene ningun momento.
Por a nota un discusion formal entre un parti di Prensa Arubano y gobierno pa cu e trapamento di un prensa liber dentro di nos sociedad Arubano.
Pa colmo despues a conduci na e hecho cu un miembro di prensa liber a wordo aresta 'geboei' y hiba warda unda a wordo duna un 'boet' un blunder di primera orden segun opinion di PPA.
E susedido aki a causa cu a wordo lansa pregunta te den 2de kamer Hulandes mientras cu parlamento di Aruba a keda den un silencio un bon ehempel di 'sleeping on the Job'!
PPA kier anota cu mientras e 'coronavirus' tabata causa dolor rond mundo na ningun pais 'prensa liber' no a wordo stroba den su rol 'vital' dentro di nan democracia solamente Aruba cu nos ta consciente di dje.

Pakico PPA tin e pensamento aki?

Nos ta ripiti cu nos Constitcuion/Staatsregeling ta duna nos ciudadania derechonan constitucional !! E derechonan aki por wordo temporalmente suspendi 'bij of krachtens landsverordening cu den e caso di Aruba ta e CalamiteitenLandsverordening. Esaki pa tres dia cu por wordo expande cada 3 dia.
PPA ta referi primeramente na articulo 1,8 pero tambe articulo 1.12 cu ta bisa : Niemand heeft voorafgaand verlof nodig om inlichtingen te garen of te ontvangen, behoudens ieders verantwoordelijkheid volgens Landsverordening. BIj of krachtens Landsverordening kan het recht om inlichtingen te vergaren worden beperkt.

Memorie van Toelichting:

PPA ta sigui pone accento riba articulo 1.12 lid 5 cu ta trata e asina yama 'vergaringsrecht e derecho pa busca informacion. PPA lo cita algun frase for di e Memorie van Toelichting di nos Constitucion riba e consiso 5 aki.
'De vrijheid om inlichtingen te garen is van groot belang voor de massacommunicatiemedia. Indien deze immers hun werk niet kunnen doen, wordt het recht van de burger om inlichtingen te ontvangen illusoir.
Si prensa no por haci nan trabou pa rondia informacion esaki lo afecta e derecho di e ciudadano pa ricibi informacion valido.
De beperkingsmogelijkheid ten aanzien van de garingsvrijheid is vooral geformuleerd met het oog op de pers. Zo kan bijvoorbeeld nodig zijn al te nieuwsgierige journalisten te weren bij de bestrijding van wanordelijkheden of in andere ernstige istuaties als ontvoeringen, e.d…
Vooral in allerlei spanningssituaties is het echter van belang dat een kritische pers toekijkt om te zien of de overheid op rechtmatige wijze haar gezag doet gelden.
Het lijkt ons wenselijk dat de wetgever zich bezighoudt met deze belangenafweging in het algemeen:
In een democratische samenleving heeft een onafhankelijke pers een dermate belangrijke functie dat niet toegestaan kan worden dat bestuursorganen alle beleidsvrijheid krijgen om al dan niet de pers haar werk onmogelijk te maken.

Concluyendo:

1. Nos Constitucion/ Staatsregeling ta reconoce e derecho di prensa pa busca informacion esta e 'vergaringsrecht' (articulo 1.12 consiso 5!).
2. Nos Constitucion/ Staatsregling ta conclui cu prensa tin un rol sumamente importante pa controla gobierno den ehecucion di su tarea!
3. Memorie van Toelichting riba nos Constitucion/ Staatsregeling cu no por kita e 'vergaringsrecht' di prensa sin mas……solamente basa riba un Landsverordening …..y argumenta specificamente pakico ??
4. Analisando e Ministeriele Regeling di e tempo ey No ta menciona mes pakico ta limita e derecho di Prensa mes….tur hende ta wordo 'onder een kam gescheerd' hustamente locual nos constitucion/staatsregeling ta bisa cu lo no ta bon….!!
5. Tanto e prohibicion di Prensa den e prome siman di e 'Toque de Keda'
Como e aresto y aanhouding di un miembro di prensa lo no keda para dilanti Corte si e yega asina leuk segun humilde opinion di partido PPA.

Tene cuenta cu ta wordo duna espacio pa limita e derecho di prensa den cierto situacion pero ta accentua cu esaki por solamente 'bij Landsverodening' y cu argumento specifico dirigi na e tarea di prensa den esaki y no lubida e hecho cu rond mundo den pais democratico prensa No a wordo prohibi al contrario na Aruba so !!
Un ultimo ponencia cu PPA kier a mencion ta e pregunta cu a wordo lansa pa hustifica cu tarea di prensa lo no ta 'vital' den nos estado di derecho ta e ponencia 'Kende ta prensa ?'

Esaki PPA ta considera realmente 'below the belt'.
Pasobra anja largo un diversificacion di hende cu un diversificacion di estudio a eherce e tarea di prensa…..di con diripiente memey di un crisis (Coronacrisis) ta inicia ta cuestiona esaki.
Esaki tampoco lo para dilanti un Corte Hudicial na humilde opinion di PPA.
Nos ta contento cu despues gobierno a habri caminda pa prensa por a eherce nan tarea dentro di nos democracia Liber.

PPA ta sinti cu ta nos deber como organisacion cu 70 aña di existencia y particip'e den formula nos Constitucion/ Staatsregeling di Aruba pa expresa nos opinion al respecto.
Cu respet pa nos Gobierno, nos Parlamento y nos Prensa liber dentro di nos estado democratico basa riba nos Constitucion/Staatsregeling segun humilde opinion di PPA nos ta termina !!

Parlamentario Alan Howell (POR):

'Palabra di pabien pa studiante y maestronan cu e porcentahe halto geslaag'

ORANJESTAD - Parlamentario Alan Howell ta hopi contento y orguyoso di mira e resultado di e cantidad di studiantenan cu a slaag. Ta hopi admirable pa mira cu a pesar di ta den un situacion hopi critico, un porcentahe asina halto di studiante a logra finalisa nan studio exitosamente. Logicamente e ta manda palabranan di pabien grandi pa tur studiante aki na Aruba cu a slaag den gran forma.

"Apesar di e situacion critico nan a sigui haci nan best pa por logra nan meta. Un danki tambe na tur maestronan pa a sigui traha duro cu nos studiantenan, inclusivo den e situacion fastioso, y asina contribui pa nan por a logra nan soño", e parlamentario di POR a expresa.

Como habitante di San Nicolas, e ta sinti su mes mas orguyoso ainda di mira e personahenan halto di graduadonan na e scolnan di San Nicolas caminda cu te na e momentonan aki tin e siguiente resultadonan Colegio San Nicolas 68%, Filomena College 94%, Abraham de Veer 89%, John Wesley College 83% y Augustinus College 79%. "Proud of my Choclate City Schools .God bless nos studiantenan y maestronan di scol".

Parlamentario Marlon Sneek(AVP):

'Minister Lampe haciendo daño na enseñansa cu por bira ireparabel'

ORANJESTAD - Despues di 13 ora di reunion y despues di mas cu un aña cu fraccion di AVP ta wardando riba Minister di Enseñansa pa duna claridad riba su maneho pa loke ta enseñansa, ya cu loke el a bin ta haciendo, ta un masacre den enseñansa di e pais.

Lider di fraccion di AVP, Marlon Sneek despues di e reunion a mustra cu fraccion di AVP a presenta un mocion di desconfiansa contra di Minister Rudy Lampe mirando e maneho desastroso cu el a bin ta hibando pa cu enseñansa.

"Nos a presenta un mocion di desconfiansa no solamente a base di loke nos ta cuestiona di e maneho malisimo di e Minister pero tambe por a mira cu di parti di maestronan di scol na dos ocasion caba a bin dilanti di Parlamento y a duna nan disgusto grandi pa e forma con e minister aki a bin ta atendiendo cu enseñansa. Pero mas cu tur cos e disgusto di e maestronan di scol tabatin di haber cu e forma con e minister aki ta hibando su maneho y sin duda e forma con el a bin ta atendiendo cu maestronan di scol.

Por mira cu no tin un respet di parti di e minister aki y ta tuma decision manera cu e ta desea y den e reunion aki un biaha mas el a confirma cu su persona ta tuma ta e decision y tur hende tin cu biba cu su decisionnan.

E forma di pensa y di actua aki di parti di Minister Lampe pa fraccion di AVP ta inaceptabel y pa tal motibo nos fraccion a presenta un mocion di desconfiansa contra su persona pero lamentablemente nos fraccion tin cu informa cu e mocion aki no a haya e mayoria.

Solamente e nuebe miembronan di fraccion di AVP den Parlamento a sostene e mocion aki loke ta nifica cu fraccion di MEP, fraccion di POR y fraccion di RED Democratico, ta sostene totalmente e masacre cu ta tumando luga den enseñansa di Aruba.

Pa nos esaki ta di lamenta, sigur den un situacion dificil manera e pais ta pasando aden cu e covid-19, ainda nos tin un minister cu ta cabando cu enseñansa aki na Aruba.

E ta tumando decisionnan descabeya, desproporciona y poniendo asina un presion innecesario riba loke ta e veld di enseñansa y kitando oportunidad di nos muchanan di por desaroya y di por tin oportunidad pa asina nan por tin un dia un diploma den nan man.

Fraccion di AVP ta haya henter e desaroyo aki algo di lamenta y sigur ora cu nos a mira un cantidad di otro mocion cu fraccionnan di gobierno a presenta den un intento pa haci nechi.

Un di e mocionnan aki tabata pa no kita ningun werkster for di trabou manera ta intencion di e minister pero ya tur hende a scucha e minister aki bisa cu e ta bay kita nan of loke e ta bay duna nan ta un suma di 650 florin pa luna.

Esaki pa AVP ta inaceptabel y nos sa cu na 2015 bou maneho di Gabinete Mike Eman II, a bin cu un maneho y un decision cu Minister di Enseñansa e tempo ey a ehecuta tambe, caminda cu ta trata tur werkster como un trahado digno kendenan ta percura pa entre otro tin mesun klasnan di nos yiunan limpi y percura pa nan tin tur beneficio y awor minister Lampe ta bin corta e beneficionan aki.

Awor fraccionnan di gobierno a presenta un mocion populista caminda a mustra cu ta bay haci lo maximo pa e werksternan no perde nan trabou y ora cu nos mira e tipo di mocionnan aki, e ta un berguensa grandi pa motibo cu un enseñansa bou di AVP tabata gosa cu mas di 20% di e presupuesto total di gobierno, awor ta wordo corta y ta deshaci di e parti importante aki, cu ta educacion y formacion di nos yiunan.

AVP semper a para pa enseñansa y por corda bon cla con scolnan bou gobierno di MEP a wordo cera, e tempo aya APA y despues danki na AVP nos tin awe un IPA, universidad a somenta y a bin bek bou di AVP y asina por sigui menciona un lista caminda bou gobierno di MEP a bisa tur hende pa bay Hulanda ya cu aki na Aruba no tin perspectiva.

AVP a drenta gobierno na 1986 y a crea un perspectiva ey y semper nos a kere den enseñansa y pa e motibo aki nos ta bisa Minister Rudy Lampe cu e tin cu bay cas, ya cu e ta haciendo hopi daño y e por bira un daño ireparabel," lider di fraccion di AVP, Marlon Sneek a declara despues di e reunion di diamars ultimo.

Parlamentario Endy Croes (MEP):

'AVP a laga werksternan cay manera patia berde'

ORANJESTAD - Parlamentario Endy Croes ta lamenta profundamente e actitud di AVP durante e reunion publico riba educacion. Diamars ultimo Barahamento a trata entre otro e inkietudnan cu tin den e field di enseñansa y a haci hopi pregunta pa asina por haya claridad. Al mismo momento Parlamento a aproba 5 mocion unda diferente tin di haber cu comunicacion y dialoga prome cu decisionnan final.

Aruba pasando den momento nan dificil:
COVID 19 a sorpresa mundo henter y a causa un impacto negativo enorme. Presupuestonan di tur pero tur pais rond mundo a cambia. Nada no ta mescos mas. No ta business as ussual. Financieramente esaki a impacta tur tereno desde Salud, Husticia, Social, Economia, Enseñanza pa nombra algun. Pues enseñansa ta un parti di henter e problema esta di e "big picture". Cu tin disgusto den enseñansa ta bisto y cu Minister a haya oportunidad pa splica su maneho treciendo claridad y alabes a haci un compromiso cu Parlamento cu e lo dedica mucho mas tempo pa dialoga y comunica prome cu sigui tambe ta un hecho. Pues no ta tempo (den crisis) pa busca problema sino hustamente busca solucion y bon comprondemento pa cu otro pa hunto nos saca e pais aki for di un problema grandi.

AVP a laga werksternan cay manera patia berde:
Partido AVP sinembargo a drenta e reunion cu un solo plan. No tabata tin boluntad pa mehoracion. Nan proposito tabata conoci den prensa hasta algun dia prome cu nan lo presenta un mocion pa manda e minister cas. Den e mesun reunion aki Parlamento a aproba un mocion sosteniendo 100 werksternan cu ta den problema cu nan trabou. Parlamento a pidi Minister pa NO manda ningun werkster cas y percura pa aloca fondo pa por sigui paga e werksternan y mantene nan na trabou. Votacion a sali 12 na fabor y 9 contra cual ta 9 Parlamentarionan di AVP. Parlamentario Endy Croes ta puntra. Ta kico e werksternan aki por a haci AVP? Ora di campaña Bo kier nan voto pero ora mester aproba mocion pa sostene y garantisa nan trabou Bo kier hunga politiek barata y laga tur cay manera patia berde. Dieptriest!

Prome Minister Evelyn Wever-Croes:

A keda 1 caso so activo na Aruba di e 101 personanan cu a wordo detecta positivo. E persona aki tawata den ICU na hospital.

"Awe diahuebs 28 di mei, nos a haya e grato noticia cu e persona aki a test negativo pa Covid y a sali for di ICU haciendo cu Aruba na e momentonan aki no tin niun caso di Covid-19".
Prome Minister ta expresa su satisfaccion pa e exito aki pasobra con cu bay bin e ta un exito a pesar cu lamentablemente Aruba a perde tres persona cu tawata tin e virus. Tambe Prome Minister ta satisfecho na e manera con nos pais a atende cu Covid-19.

"Pero mirando desde 13 di maart pa awor nos ta hopi satisfecho di wak con Aruba a atende cu crisis aki. E lo no tawata posibel si no ta pa cada ciudadano di nos pais cu a demostra e disciplina, a demostra e compromiso pa saca nos pais padilanti. Pues un danki di curason na tur cu a cumpli.

Berdad cu tawata tin un par di hende cu no a compronde e seriedad of e embergadura di cada accion pero e gran mayoria di nos comunidad si y cu esaki nos ta hopi satisfecho", Prome Minister Evelyn Wever-Croes a expresa cu satisfaccion.

Cu e donacion aki un total di aproximadamente un 800 pakete lo wordo reparti pa esnan den necesidad.

Segun minister di Marisol Lopez-Tromp:

Intencion no ta pa kita tereno di huur usa pa plantacion

ORANJESTAD - Minister di Marisol Lopez-Tromp a referi na e preocupacion cu ta existi riba tereno di huur cu pa aña un famia ta bin haciendo uso di dje di nan antepasadonan cu tabata planta. E preocupacion aki ta bin cu e maneho nobo cu ta tumando luga den cuadro di ROPV.

E preocupacion ta si gobierno ta bay mishi cu tereno di esnan cu antes tabata planta y cu nan a traspasa esaki pa nan yiunan. E mandatario a bisa cu esey no ta bay ta e caso. Al contrario nan ta stimula e cultura y tradicion pa amor pa planta di un pa otro generacion . “Nos no ta bay kibra cu esaki. Semper cu e ta bay cumpli cu e meta di e tereno aki,” el a bisa

Consecuentemente no solamente cu ROPV –segun e mandatario– pero tambe tin un decreto gubernamental, caminda cu ta proteha 16 area riba nos teritorio nacional. Nan ta areanan cu a wordo delinea for di hopi aña pasa -for di aña 2003 bin ariba- caminda segun Lopez-Tromp, e tempo aya a bin cu un mocion pa cuida cierto areanan y mantene nan ‘mas trankilo cu ta posibel’. Areanan cu tin su meta pa naturalesa y cu mester keda proteha, el a bisa.

Tin 6 area importante pa diversifica nos sector economico, entre nan e parti di plantacion. El a bisa cu nan ta sinti cu e sector aki ta importante y nan a dicidi cu ta bay stimula e parti di otorgamento di tereno huur.

P’esey riba ley di ROVP aproba aña pasa, a asigna cierto area berde destina pa agricultura, cu e meta cu nan ta bay produci pa alimentacion. E hecho cu meter a cera nos frontera y bin cu e ‘lockdown’ pa evita cu caso di Covid-19 ta wordo importa, a mustra nos e problema cu lo por presenta cu scarsedad di cuminda. Mientras cu nos por tin e potencial pa stimula e sector aki.

E mandatario a bisa cu gobierno ta creando mas condicion pa facilita e acceso di awa pa agricultura. Ademas Lopez-Tromp a indica cu tin mas aspecto rond di e sector di agricultura cu pronto nan lo anuncia pa yuda e cunukeronan.

GP Hulandes di cuatro careda di Formula 1 pa cancela temporada

ZANDVOORT, Netherlands (AP) — E Grand Prix Hulandes a bira e di cuatro careda di formula 1 pa cancela e temporada debi na e panedmia di coronavirus, despues cu organisadonan a eligi diahuebs pa no organisa e caredanan sin fanatico.

E lo ta e prome GP di Hulanda desde 1985, pero F1 kier cuminsa cu e temporada sin fanatico na e caredanan. " Nos lo gusta celebra e momento, e regreso di Formula 1 na Zandvoort, hunto cu nos fanaticonan di e careda na Hulanda", e director di careda Jan Lammers a bisa den un comunicado. " Nos ta pidi pa tur hende tene pasenshi. Mi mester a warda durante 35 aña, asina cu mi por warda te otro aña".

E careda na Zandvoort tabata programa pa dia 3 di mei y el a ser posponi inicialmente. E fanaticonan cu cumpra nan ticketnan por usa esaki otro aña. E circuito na costa a ser rediseña, cu algun skinanan pa facilita careda a mas lihe.

Weganan olimpico di Tokyo a cuminsa reinicia caredanan

TOKYO (AP) — Dos luna despues cu e weganan olimpico a ser posponi, a puntra e CEO di e comite olimpico Toshiro Muto a ser puntra tocante e progreso di e reprogramacion di e weganan di Tokyo di otro aña.

" Si bo ta puntra, nos ta den e buelta di e forma skina di e caredanan di 400 meter, mi no por contesta e pregunta ey", Muto a bisa , papiando atraves di un interprete durante un conferencia di prensa online. " Pero mi por bisa esaki. Mi no ta kere cu nos a yega laat na nos preparacionnan. Mi ta kere cu nos ta retrasando di ningun manera". Pero pa scucha e detayenan limita cu Muto a proporciona, e preparacionnan ta parce di ta apensa afo di e blokeonan inicial.

Ex vice gobernador di Banco di Hapon , Muto a papia cu cautela desde cu e pandemia di coronavirus a causa e posponemento y a bisa poco tocante e progreso. El a bisa cu e no ta spera mucho noticia solido te cu e planifica yega na e segundo fase.

Esaki ta inclui kende ta paga pa e retraso, cu ta estima na Hapon na $ 2 biyon pa $ 6 biyon, con pa mantene fanaticonan, personal y e atletanan safe di coronavirus y e acuerdo pa asegura e mesun 43 luga y e mesun kalender di competencia.

" Na e momento aki nos no tin detayenan ni elemento specifico di loke nos por papia", el a bisa. " Nos tur ta di acuerdo cu esaki, ademas di e contra medidanan di calor, nos tin cu tuma medidanan di coronavirus". Durante e ultimo dianan e presidente di e comite olimpico internacional, Thomas Bach, y miembro di IOC, John Coates, a specula mas abiertamente tocante con por realisa e weganan.

La Liga ta reanuda dia 20 di juni

(ElPaisDeporte) - Despues di un eterno rancamento di cabuya entre gobierno Italiano, e clubnan y e Federacion Italiano di Futbol cu a dura varios luna, ayera a porfin huma blanco a sali pa Serie A, e liga profesional mas halto, por reinicia su temporada dia 20 di juni.

"Awor tin condicion pa bolbe," ministro di deporte, Vincenzo Spadafora, a declara despues di un reunion cu tur partido envolvi. Te na e momento ey e ministro a mustra duda pa reapertura di e stadionnan y a frena na varios ocasion e anhelo di e Liga pa reanuda actividad. E ministro tambe a señala cu nunca tabata su intencion "di pone obstaculo". Y el a sugeri cu, "como señal positivo pa henter e pais," desde 13 di juni por disputa e semifinal y final di Copa Italia, cu ta entre Milan, Juventus, Napoli y Inter Milan.

Durante algun siman e partido tabata parce perdi. E regreso di Serie A tabata parce di no ta sikiera den e plannan di gobierno pa fase 2 di reapertura di e pais. Y ministro Spadafora a yega di papia di "cuminsa pensa riba otro aña". Futbol Italiano a cuminsa prepara pa un probable suspension y perdida miyonario cu esey lo a trece cune. Na mitar di mei e clubnan di promer division a presiona 'en bloc' gobierno pa bolbe riba cancha dia 13 di juni, pero e ministro di deporte a bolbe para e equiponan y a bisa cu e competencia lo bolbe solamente ora por garantisa seguridad total.

E problema fundamental ta uno economico. Futbol ta un negoshi di 100.000 empleado y parando e competencia completamente pa e aña aki, e perdida lo ta por lo menos 700 miyon euro, segun Gabriele Gravina, presidente di e federacion Italiano.

Polemico reaparicion di Luis Miguel den comercial di Uber Eats

(infobae) – Luis Miguel ta e interprete mas popular di momento, despues di pone su bida riba pantaya chikito den hogarnan Mexicano. Sinembargo, ta comun pa e desaparece pa algun tempo di medionan di comunicacion, ya cu e no ta gran fanatico di prensa ni entrevista, cual ta laga mas asombroso e momentonan ora e ta bolbe aparece un caminda.

"Awe nochi, mi ta bay come Fetuccini cu saus di trufa blanco y keshi parmesano", ta e frase cu ta inicia e comercial nobo di Uber Eats y El Sol de Mexico. "Mi incondicional amigo", e cantante ta termina despues cu e ta haya un saco cu logo di e patrocinado riba su piano.

E clip ta recorda uno realisa pa e interprete den añanan 1980 cu e marca Sabritas, unda e tambe ta aparece na su piano, pero na momento cu e ta canta, e ta toca y e producto ta posa riba su instrumento.

A pesar cu su regreso na comercial di comestibles a resulta epico, riba rednan social no a wordo bon ricibi. De hecho, el a bira viral danki na un serie di meme cu a haci referencia na e crisis cu supuestamente el a biba algun tempo atras pa cuestion di placa, ademas di culpa su 'trabou nobo' na COVID-19 y e problemanan economico cu a causa rond mundo.

Usuarionan, principalmente riba Twitter, tabata dividi. Algun ta destaca e elegancia, porte y bon gusto cu ta caracterisa su persona, otronan ta pensa cu no ta e clase di publicidad cu e mester tin, mientras mayoria a opta pa haci tur sorto di chansa.

Mester destaca e bon estado di salud den cual por mira Luis Miguel den e comercial. El a envehece bon, ademas di conserva su cuero bruin semper perfecto y un sonrisa enorme den e comercial cu no ta parce falso. Por ta cu El Sol ta atravesando un di su miho epocanan.

Scott Disick y Sofia Richie a termina tres aña di relacion

(infobae) – Scott Disick y Sofia Richie a termina nan relacion. Pero maske e pareha ya ta oficialmente separa, ambos a keda den contacto constante.

Segun E! News, e strea di reality y e influencer 'no a separa pa motibo di pelea ni algo malo a pasa entre nan', sino simplemente Richie kier haci su propio bida, mientras Scott kier cuida su salud.

Pero esaki no ta prome biaha cu e pareha ta separa, y segun e fuente, ta probable cu nan lo reconcilia den un futuro cercano.

E noticia di e separacion a yega algun siman despues cu un fuente anonimo a revela cu Disick tabata den centro di rehabilitacion All Points North Lodge (APN) na Colorado. Despues cu a leak potret di dje den e centro, el a dicidi bandona e luga.

Di otro banda, tanto Richie como Disick tabata tratando di nabega rond di e situacion aki pa salba nan relacion. "Definitivamente ainda nan ta pasa tempo separa pa awo. Sofia kier sigura cu Scott ricibi e ayudo cu e mester prome cu nan por tin un relacion saludabel, pero ainda nan no a laga e cuenta por completo", otro fuente a splica algun siman atras.

Merca ta join grupo G7 di inteligencia artificial pa contraresta China

(AP) – Merca a join un panel internacional pa pone guia etico pa uso di inteligencia artificial (AI). Administracion di Trump anteriormente a rechasa e idea.

CTO di Cas Blanco, Michael Kratsios, a bisa AP ayera cu ta importante pa establece principionan democratico comparti pa contraresta e record di China di ‘draai tecnologia’ den forma cu ta menasa libertadnan civil.

“Companianan di tecnologia Chines ta intentando duna forma na standard internacional riba reconocemento di cara y vigilancia na Nacionnan Uni”, el a bisa.

Administracion di Trump tabata e unico fuera entre lidernan di Grupo di Shete – e democracianan mas rico di mundo – den set up e Partnership Global riba AI.

E partnership a lansa ayera despues di un reunion virtual entre ministernan nacional di tecnologia. Tabata casi dos aña despues cu lidernan di Canada y Francia a anuncia cu nan tabata formando un grupo pa guia e adopcion responsabel di AI basa riba principionan comparti di ‘derechonan humano, inclusion, diversidad, innovacion y crecemento economico’.

Administracion di Trump a rechasa e maneho aki, argumentando cu demasiado enfoke riba regulacion lo afecta innovacion Mericano. Pero negociacionnan durante ultimo aña y cambionan na e alcance di e grupo a conduci na union di Merca, Kratsios a bisa.

Participacion di Merca ta importante pa motibo di e rol grandi cu companianan di tecnologia Mericano ta desempeña globalmente y su defensa historico pa derechonan humano, segun Kay Mathiesen, un profesor asocia enfoca riba etica di computer na Northeastern University na Boston.

For top U.S. virus experts, faith and science work together

Continued from Front

While tensions over public worship's effect on public health amid the pandemic – with President Donald Trump declaring religious services "essential" – personal spirituality, in all of its forms, remains an unquestioned guidepost for some scientists guiding the U.S. response.
Redfield said that during major crises he's faced, such as his role responding to 2010's Haiti earthquake and the death of his son, his faith had helped orient him toward the potential for "greater good" to arise from tragedy. Faith and science have not been in tension for him, Redfield said.
During the early weeks of the pandemic, the 68-year-old virologist was not as much of a fixture at the televised White House briefings as Fauci, his fellow Catholic. But Redfield's modesty is itself a facet of how his faith plays out in his public persona, as his longtime friend William Blattner put it.
Redfield sees people of faith as "not holier than anybody – we're just who we are," said Blattner, who co-founded University of Maryland's Institute of Human Virology alongside Redfield and a third prominent AIDS researcher, Robert Gallo, in the mid-1990s.
"You don't see him jumping up to the microphone. You see him speaking as he's required," Blattner said of his friend. Faith helps Redfield "filter out the noise and distraction" of the push to contain the virus, Blattner added, affording "him, and us, the ability to see more clearly."

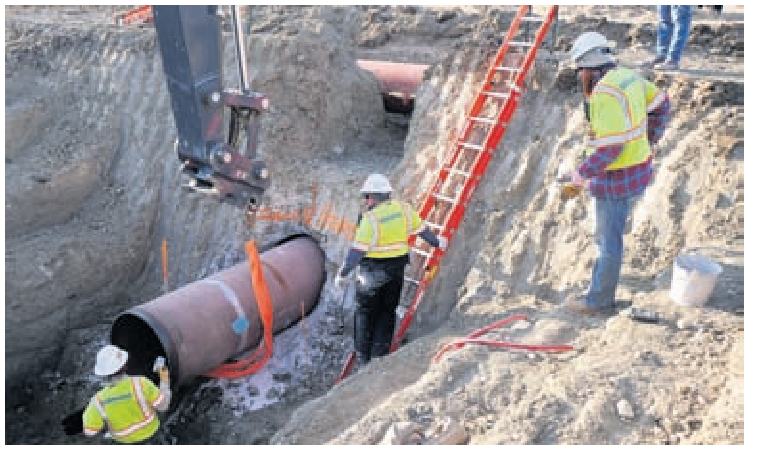

In this Thursday, May 7, 2020 file photo, National Institutes of Health Director Dr. Francis Collins listens during a Senate Health Education Labor and Pensions Committee hearing on new coronavirus tests on Capitol Hill in Washington.

Redfield was tapped by Trump, while Collins and Fauci's stints as government scientists predate 2016. Collins, for his part, was already a vocal advocate for communicating what he sees as the consistency between religious belief and evidence-based science before he was named to lead NIH.
After writing a 2006 book about his journey from youthful atheism to belief in God, the 70-year-old Collins founded the BioLogos Foundation to help further a dialogue about religion's relationship to science. Since the pandemic began, he has received a major religion prize for his work.
"I see science as the most reliable way to study nature – and that includes this virus," Collins said by email. "But science doesn't help me with deeper questions like why suffering exists, what we are supposed to learn from it, what is the meaning of life, and whether there is a loving God who grieves with us at a time like this," he added. "For that, I rely on what I have learned as a person of faith."
Collins lauded the majority of American faith communities for treating the pandemic as an opportunity to live out their values by helping the vulnerable, adding that "most of that loving and altruistic behavior doesn't get much attention." He also offered careful criticism for the "occasional examples of churches who reject the scientific conclusions and demand the right to continue to assemble freely, even in the face of evidence that this endangers their whole community."
Trump on Friday called for governors to allow in-person worship, vowing that "faith leaders will make sure that their congregations are safe as they gather and pray." The president spoke as the CDC released recommendations for safe reopening of physical religious services, and faith gatherings that occurred this week largely operated with safeguards in place to help prevent the virus' spread.
Fauci's faith has shifted from the path of his Catholic upbringing to what he has described as a humanist belief system. The 36-year veteran chief of the National Institute of Allergy and Infectious Diseases told C-SPAN in 2015 that "I'm less enamored of organized religion than I am with the principles of humanity and goodness to mankind and doing the best that you can."
While Fauci distanced himself from organized religion in that 2015 interview, he has described himself as Catholic and told C-SPAN his Jesuit education had helped develop the "principles that I run my life by."
Those principles came into sharper view this month when Fauci recorded a video for graduates of high schools affiliated with the Jesuits, a Catholic order that focuses on service.
After citing "precision of thought and economy of expression" as two watchwords, he invoked "social justice" as another value instilled by his Jesuit education. Fauci graduated in 1958 from New York's Regis High School, a Jesuit institution.❑

Court denies request to revive U.S. pipeline permit program

BILLINGS, Mont. (AP) — A U.S. appeals court on Thursday turned down a request by the Trump administration and energy industry groups to revive a permit program for new oil and gas pipelines that had been canceled by a lower court.
The case originated with a challenge to the Keystone XL oil pipeline from Canada to the U.S. but has affected oil and gas pipeline proposals across the nation.
The U.S. Army Corps of Engineers permitting program allows construction of pipelines across wetlands and other water bodies with minimal review if they meet certain criteria.
Backed by numerous states and industry groups, attorneys for the government argued the cancellation would delay construction of pipelines needed to deliver fuel to power plants and other destinations.
U.S. District Judge Brian Morris in Montana said May 11 that officials had failed to adequately consult with wildlife agencies before reauthorizing the permitting program in 2017. Its continued use could cause serious harm to protected species and critical wildlife habitat, he said.
A two-judge panel of the 9th U.S. Circuit Court of Appeals denied an emergency request to block Morris' ruling.
They said in a one-page decision that the government, states and industry groups had not demonstrated sufficient harm to their interests to justify reviving the program while the case is still pending. ❑

Violent protests rock Minneapolis for 2nd straight night

MINNEAPOLIS (AP) — Violent protests over the death of a black man in police custody rocked a Minneapolis neighborhood for a second straight night as angry crowds looted stores, set fires and left a path of damage that stretched for miles. The mayor asked the governor to activate the National Guard.

The protests that began late Wednesday and stretched into Thursday morning were the most destructive yet since the death of George Floyd, who was seen on video gasping for breath during an arrest in which an officer kneeled on his neck for almost eight minutes. In the footage, Floyd pleads that he cannot breathe and slowly stops talking and moving.

Mayor Jacob Frey sought calm. "Please, Minneapolis, we cannot let tragedy beget more tragedy," he said on Twitter.

Protests also spread to other U.S. cities. In California, hundreds of people protesting Floyd's death blocked a Los Angeles freeway and shattered windows of California Highway Patrol cruisers. Memphis police blocked a main thoroughfare after a racially mixed group of protesters gathered outside a police precinct. The situation intensified later in the night, with police donning riot gear and protesters standing shoulder-to-shoulder in front of officers stationed behind a barricade.

Minneapolis police said the violence contrasted sharply with a mostly peaceful demonstration Tuesday afternoon at the street corner where Floyd died.

"They were chanting for things to remain peaceful," police spokesman John Elder said. "Tonight didn't have the same feel. And that's sad."

Pockets of looting continued Thursday. A liquor store employee displayed a gun as he stood among the debris of broken bottles and beer cans inside the business.

Amid the violence, a man was found fatally shot Wednesday night near a pawn shop, possibly by the owner, authorities said.

Fire crews responded to about 30 intentionally set blazes during the protests, including at least 16 structure fires, and multiple fire trucks were damaged by rocks and other projectiles, the fire department said. No one was hurt by the blazes.

Firefighters were still spraying water onto hot buildings Thursday morning, and some buildings still smoldered, sending a bitter smell into the smoke-filled air.

Windows were smashed out of several businesses in a strip mall, including a department store, a charter school and other businesses, and the destruction was visible for blocks. A Wendy's restaurant was damaged beyond recognition.

Inside some of the stores, shelves were toppled and debris strewn about. Video taken inside a damaged Target that had been looted showed empty clothing racks. Obscenities were spray-painted on the outside of the store. Streets and parking lots were also covered in debris, and many businesses had been spray-painted.

There was no sign of a police presence, except around the precinct building, where officers were in riot gear. One man standing outside the building was using a bullhorn to shout. "I can't breathe, I can't breathe. Mama, I can't breathe," repeating some of Floyd's pleas for relief.

Across from the precinct, someone had spray-painted the sidewalk in red: "Where's humanity?"

Protesters began gathering Wednesday afternoon near the city's 3rd Precinct station, in the southern part of the city, where the 46-year-old Floyd died on Memorial Day as police arrested him outside a convenience store on a report of a counterfeit bill being passed. Demonstrators also skirmished with officers, who fired rubber bullets and tear gas in a repeat of Tuesday night's confrontation.

The U.S. Attorney's Office and the FBI in Minneapolis said Thursday they were conducting "a robust criminal investigation" into Floyd's death and making the case a priority. The announcement came a day after President Donald Trump tweeted that he had asked an investigation to be expedited.

The FBI had already announced that it would investigate whether Floyd's civil rights were violated.

The officer who kneeled on Floyd and three others were fired Tuesday. On Wednesday, the mayor called for him to be criminally charged.

Frey appealed to Gov. Tim Walz to activate the National Guard, a spokesman confirmed Thursday. The governor's office did not immediately respond to a request for comment.

Walz tweeted for calm Wednesday night, calling the violence "an extremely dangerous situation" and urging people to leave the scene.

The last time the Minnesota National Guard was called out to deal with civil unrest was in a backup role during the 2008 Republican National Convention in St. Paul. The most comparable situation to the current disturbances happened when the Guard was called up to deal with the riots in Minneapolis in 1967, a summer when anger over racial inequalities came to a boil in many cities across the country.

The Minnesota National Guard was also called out during protests against the Vietnam War in the 1960s and early 1970s and during a 1986 strike by Hormel meatpackers in Austin.❑

Chinese lawmakers endorse Hong Kong national security law

By JOE McDONALD

Delegates stand during the closing session of China's National People's Congress (NPC) in Beijing, Thursday, May 28, 2020.

Associated Press

BEIJING (AP) — China's legislature endorsed a national security law for Hong Kong on Thursday that has strained relations with the United States and Britain and prompted new protests in the territory.

The National People's Congress approved the bill as it wrapped up an annual session that was held under intensive anti-coronavirus controls. The vote was 2,878-1 with six abstentions, in line with the high-profile but largely ceremonial body's custom of near-unanimous support for all legal changes decided by the ruling Communist Party.

The law will alter Hong Kong's mini-constitution, or Basic Law, to require the territory to enforce measures to be decided by the NPC's standing committee, a small body controlled by the ruling party that handles most lawmaking work.

The law reflects the determination of President Xi Jinping's government to tighten control over Hong Kong following 11 months of anti-government protests. Activists in Hong Kong say the law will undermine the "high degree of autonomy" promised to the former British colony when it was handed back to China in 1997 under a "one country, two systems" framework and might be used to suppress political activity.

Premier Li Keqiang, the country's No. 2 leader, defended the law as consistent with Beijing's promises.

"The decision adopted by the NPC session is designed for steady implementation of 'one country, two systems' and Hong Kong's long-term prosperity and stability," Li said at a news conference.

The law and the way it is being enacted prompted U.S. Secretary of State Mike Pompeo on Wednesday to announce Washington will no longer treat Hong Kong as autonomous from Beijing. That could hurt the territory's attractiveness as a business center.

Pompeo's notice adds Hong Kong to the Trump administration's conflicts with China over trade, technology, religious freedom, Chinese handling of the coronavirus pandemic and the status of Taiwan, the self-ruled island Beijing claims as its own territory.

Li called for mutual respect and Sino-U.S. cooperation to promote "extensive common interests" in resolving global problems and promoting trade, science and other fields.

"Both countries stand to gain from cooperation and lose from confrontation," Li said. On Thursday, three pro-democracy lawmakers were ejected from Hong Kong's legislative chamber during a debate over a bill that would criminalize insulting or abusing the Chinese national anthem.

Also Thursday, the NPC approved a government budget that will increase spending to generate jobs to try to reverse an economic slump after Chinese industries were shut down to fight the coronavirus pandemic.

Private sector analysts say as much as 30% of the urban workforce, or as many as 130 million people, lost their jobs at least temporarily during the shutdown. They say as many as 25 million jobs might be lost for good this year.

The budget calls for giving local governments 2 trillion yuan ($280 billion) to spend on meeting goals including creating 9 million new jobs. That is in line with expectations of higher spending but a fraction of the $1 trillion-plus stimulus packages launched or discussed by the United States, Japan and Europe.

Li, the premier, said Beijing is in a "strong position to introduce new measures" if necessary but wants to avoid flooding the economy with too much money. He said 70% of planned spending is aimed at putting wages in workers' pockets in order to support consumer spending, the biggest driver of the economy.

"We will do our utmost to keep China's economic growth stable," Li said. "At the same time, we must make sure that all measures taken are well calibrated."❑

Kosovo's caretaker governing party holds peaceful rally

PRISTINA, Kosovo (AP) — A few thousand supporters of Kosovo's left-wing governing party surrounded government buildings Thursday to oppose the nomination of a new prime minister by the small Balkan country's president.

The participants maintained social distancing and wore masks and gloves during the demonstration around the parliament, main government and presidential buildings in Pristina. A big poster at the rally read, "We want elections."

A spokesman for the Self-Determination Movement, or Vetevendosje!, Arlind Manxhuka, said the rally was intended to illustrate the party's ability to assemble a protest crowd while respecting the conditions during the coronavirus pandemic.

Kurti has led a caretaker government since he lost a no-confidence vote in late March initiated by the LDK, which at the time was the junior partner in a coalition government with Vetevendosje!

Vetevendosje! argues that the presidential decree nominating Avdullah Hoti to become prime minister is unconstitutional, claiming it is the only party entitled to form a new Cabinet because it won the most seats in Kosovo's parliamentary election in October.

The party argues that if it is unable to put together a government, the country should have another election. Hoti's LDK says it has the required number of votes, at least 61 in the 120-seat parliament, for his confirmation.

Kosovo's Constitutional Court has suspended the nomination decree until May 29.

Kosovo was part of Serbia until an armed separatist uprising in 1998-1999 triggered a bloody Serb crackdown. A NATO bombing campaign forced Serbia to withdraw its troops and ended the war. ❑

EU pledges to stay green in recovery from coronavirus

By SAMUEL PETREQUIN
Associated Press

BRUSSELS (AP) — The European Commission pledged Thursday to stay away from fossil-fueled projects in its coronavirus recovery strategy, and to stick to its target of making Europe the first climate neutral continent by the mid-century, but environmental groups said they were unimpressed.

To weather the deep recession triggered by the pandemic, Commission President Ursula von der Leyen has proposed a €1.85 trillion ($2 trillion) package consisting of a revised long-term budget and a recovery fund, with 25% of the funding set aside for climate action.

To help economies from the 27-nation bloc bounce back as quick as possible, the EU's executive arm wants to massively increase a 7.5-billion euro ($8.25 billion) fund presented earlier this year that was part of an investment plan aiming at making the continent more environmentally friendly.

Under the commission's new plan, which requires the approval of member states, the mechanism will be expanded to 40 billion euros ($44 billion) and is expected to generate another 150 billion euros in public and private investment. The money is designed to help coal-dependent countries weather the costs of moving away from fossil fuels.

European Commissioners for European Green Deal Frans Timmermans, European Commissioner for Cohesion and Reforms Elisa Ferreira and European Commissioner for Jobs and Social Rights Nicolas Schmit, from left, speak during a joint video press conference on Green and Just recovery at the EU headquarters in Brussels, Thursday, May 28, 2020.

Associated Press

Environmental group WWF acknowledged the commission's efforts but expressed fears the money could go to "harmful activities such as fossil fuels or building new airports and motorways."

"It can't be used to move from coal to coal," Frans Timmermans, the commission executive vice president in charge the European Green Deal, responded on Thursday. "It is unthinkable that support will be given to go from coal to coal. That is how we are going to approach the issue. That's the only way you can ensure you actually do not harm."

Timmermans conceded, however, that projects involving fossil fuels could sometimes be necessary, especially the use of natural gas to help move away from coal.

The commission also wants to dedicate an extra 15 billion euros ($16.5 billion) to an agricultural fund supporting rural areas in their transition toward a greener model.

Von der Leyen, who took office last year, has made the fight against climate change the priority of her term. Timmermans insisted that her goal to make Europe the world's first carbon-neutral continent by 2050 remained unchanged, confirming that upgraded targets for the 2030 horizon would be presented by September.

Reacting to the executive arm's recovery plans, Greenpeace lashed out at a project it described as "contradictory at best and damaging at worst," accusing the commission of sticking to a growth-driven mentality detrimental to the environment.

"The plan includes several eye-catching green `options,' including home renovation schemes, taxes on single-use plastic waste and the revenues of digital giants like Google and Facebook. But it does not solve the problem of existing support for gas, oil, coal, and industrial farming — some of the main drivers of a mounting climate and environmental emergency," Greenpeace said.

"The plan also fails to set strict social or green conditions on access to funding for polluters like airlines or carmakers."

Timmermans said the EU will keep investing in the development of emission-free public transportation systems, and promoting clean private transport through the EU budget.❑

Regional court orders Panama to protect migrants' health

PANAMA CITY (AP) — A regional human rights court has ordered Panama's government to immediately provide medical care and more sanitary conditions for some 2,000 migrants detained near the Colombian border.

Prior to the novel coronavirus pandemic, Panama had practiced what it called a "controlled flow," which allowed migrants emerging from the dangerous Darien jungle to rest at camps before boarding buses and continuing their journey up through Central America.

Now border police are holding migrants in those same centers as COVID-19 infections build.

Panama's government and the International Organization for Migration, which aids Panama in the area, did not immediately respond to requests for comment Thursday.

This week the Inter-American Court of Human Rights ordered the government to safeguard the wellfare of the migrants held in Peñitas and Lajas Blancas.

The migrants come from Haiti and Cuba, as well as African and Asian nations. About 80 infected with the virus were moved to Lajas Blancas, the second camp along the route. Dozens of others with symptoms or who had contact with the infected have been sent there as well.

The court said the Peñitas shelter was still far beyond its capacity with nearly 1,700 people there including more than 400 children. It ordered immediate "access to essential health services without discrimination to all of the people" in the camps. Vice-Minister of Foreign Affairs Federico Alfaro Boyd noted earlier this week that Costa Rica and Nicaragua had closed their borders as well, making it impossible for the migrants to advance.

He said a strong effort was being made to provide the migrants with the medical care, as well as basics such as cots to sleep on and water.

The court has watched Panama closely since a 2002 case about human rights violations of an Ecuadorean migrant in Darien. The non-governmental Center for Justice and International Law monitors Panama's compliance. The center says that migrants crossing the Darien face a policy of automatic and arbitrary detention and overcrowded conditions.❑

Too much TV? Enter HBO Max, the latest streaming wannabe

AP Technology Writer

Is a pandemic the perfect time to launch a new and relatively expensive streaming service? AT&T sure hopes so.

The phone company is investing billions in HBO Max, its first big entertainment venture since it spent $85 billion for Time Warner in 2018. The good news for its timing: millions are stuck at home, watching more video than ever. The bad news: many of them also out of work and carefully watching their incomes. The service launches Wednesday in the U.S.

"People are going to look at the price point first," said Steve Nason, research director at Parks Associates. HBO Max costs $15, same as the HBO Now streaming service it's supposed to replace, with discounts after the launch limited to some AT&T customers as well as a one-week free trial. Other new streaming services such as Disney Plus and Quibi launched with cheaper prices and bigger discounts.

Entertainment companies like AT&T's WarnerMedia are broadly shifting to streaming video, following in Netflix' wake, as more people drop their traditional cable bundles. Disney launched Disney Plus and the sports-focused ESPN Plus and took control of Hulu from an industry joint venture. Comcast's NBCUniversal is launching Peacock widely this summer. ViacomCBS is redoing CBS All Access, pumping it up with more programming.

Even Fox Corp. has its Fox Nation app. Apple, a tech company, started a small service of its own. A short-video service targeted to cellphones, Quibi, also hopes to get in on the streaming pie; it hasn't had much success yet.

HBO Max comes stacked with goodies, like browsing a particularly pleasing Blockbuster store — classic quality-TV series from HBO like "The Sopranos," "The Wire" and "Sex and the City;" comfort-food network TV in "Friends" and "The Big Bang Theory;" Superman and Batman movies from DC. The Warner Bros. film library stretches back decades to Hollywood's golden age. There's even a reboot of Looney Tunes.

"Maybe timing is actually good," said Wells Fargo analyst Jennifer Fritzsche. "There might be a Netflix exhaustion factor." Netflix has predicted extremely strong subscriber gains for this quarter.

But people will have to decide if it's worth paying up for a new video service on top of the "foundational" services many already have: Netflix, the heaps of video that come with an Amazon Prime membership, Hulu and, increasingly, Disney Plus, Nason said.

The company has predicted 50 million U.S. subscribers by 2025, building on a base of 36 million current HBO customers, per research firm S&P Global. That number includes people who pay their cable company for the channel and the HBO Go app as well as those who subscribe to the HBO Now standalone streaming service.

WarnerMedia would like to convert those users to HBO Max, but there are contract issues that muck it up and could potentially antagonize customers.

"The confusion point is one we've obsessed over for a year," said Andy Forssell, the general manager of WarnerMedia's direct-to-consumer arm.

It's easy to prompt HBO Now users to switch to Max if they signed up directly through HBO, and many big cable companies have agreed to promote HBO Max to their existing HBO customers. But there's no deal yet with Roku and Amazon, so people who signed up for HBO through them won't easily have access to Max on a TV.

That's likely to be resolved, Nason predicted.

Another weak point for WarnerMedia is that the coronavirus pandemic has shut down Hollywood productions, and that's expected to slow down the rollout of HBO Max's original productions, such as a highly anticipated "Friends" reunion special that was supposed to be ready for launch. But that impact will be felt more in 2021 than this year, Forssell said. Originals are important because they help bring on subscribers and get them to keep paying, month after month.

For AT&T, getting HBO Max right is critical. Its DirecTV satellite service is bleeding customers, and the traditional TV model is under threat from industry-wide cord-cutting and, recently, a coronavirus-related advertiser retreat. (AT&T owns TBS, TNT, CNN and other networks.) ❑

'The Vast of Night' is a cunning lo-fi sci-fi noir

This image released by Amazon Studios shows Jake Horowitz and Sierra McCormick, right, in a scene from "The Vast of Night."
Associated Press

By JAKE COYLE
AP Film Writer

"The Vast of Night," a micro-budget noir set in 1950s New Mexico, crackles with B-movie electricity.

The film is one of those little miracles: a directorial debut, made for nothing, that establishes a young filmmaker of self-evident command. With atmosphere and cunning, director Andrew Patterson steers "The Vast of Night" through the soft, shadowy night air of a small and quaint borderland town where unseen mysteries lurk.

The set-up may sound vaguely familiar, and it is. "The Vast of Night" is framed as an episode of "Paradox Theater," a "Twilight Zone" knockoff that opens by warning the TV viewer: "You are entering the realm between the clandestine and the forgotten."

But "The Vast of Night" is more than the pastiche it pretends to be, and it shows plenty of B-movie moves of its own. That made "The Vast of Night" a festival hit last year after it premiered at the Slamdance Film Festival. Amazon subsequently picked it up and will begin streaming the film Friday. "The Vast of Night" has also already been playing at a handful of drive-ins, where its period setting and old-fashioned sci-fi intrigue make it very possibly the most drive-in-ready movie of the pandemic.

It also works just fine at home. The film takes place during the first high school basketball game of the season in Cayuga, New Mexico. The game has drawn most of the town's 492 population to the gym, where the camera trails Everett (Jake Horowitz), a fast-talking student and radio DJ who already looks and sounds ready to join Edward R. Murrow at CBS. He's showing Fay (Sierra McCormick), a 16-year-old switchboard operator with a new audio recorder, some of the basics of reporting as they circle the gym and the already-bustling parking lot.

They're both bright, ambitious teenagers in dark-framed glasses. Fay excitedly recounts the future predictions of a magazine article that forecast "vacuum-tube transportation" and telephone numbers assigned at birth. While strolling on a quiet, dark lane beneath leafy trees and talking of a semi-true future, they seem momentarily out of time.

Science and technology hover around "The Vast of Night"; power outages at the school are rumored to be caused by squirrels eating the wires. And once Everett is at the radio station and Fay is plugged in at the switchboard, they hear a strange sound interrupting the transmission. Something, people are saying, is in the sky.

Working from Fay's recording, they quickly investigate with the guidance of an ominous caller. The secret seems to have only been glimpsed by witnesses that others have ignored — a black man, an old woman. "The Vast of Night" is, in a slinky way, about escaping small-town small-mindedness.

Patterson, who came up with the concept for James Montague and Craig W. Sanger's script, occasionally lets his camera prowl the Cayuga streets. He and the cinematographer M.I. Littin-Menz conjure the feeling that something is indeed in the air — something that momentarily crosses with the frequency of Orson Welles' "War of the Worlds" broadcast, before the signal cuts out.❑

Sitcom casts to do virtual reading for Asian Heritage Month

In this image released by ABC, Randall Park, left, and Constance Wu appear in a scene from the new comedy series "Fresh Off the Boat."

By The Associated Press

The casts of "Fresh Off the Boat" and "Kim's Convenience" are partnering for one night for charity.

In honor of Asian Pacific American Heritage Month, the ensembles of both TV comedies will do live online table reads of their respective pilot episodes on Saturday, according to Deadline.

It will be a reunion for Randall Park, Constance Wu and the rest of the "Fresh Off the Boat" cast. The ABC series about a Taiwanese American family ended in February after six seasons.

Canadian sitcom "Kim's Convenience," which is available in the U.S. on Netflix, was recently renewed for a fifth and sixth season.

It centers on a Korean family running a convenience store in Toronto. The show's stars include Paul Sun-Hyung Lee, Jean Yoon and Simu Liu — who is set to play the Marvel Cinematic Universe's first Asian superhero.

Both trailblazing shows have been praised for their portrayals of Asian families on prime time TV.

The table reads will be free to watch.

But for a minimum donation of $10, access will be given to a joint Zoom Q&A afterward. Donations — either in U.S. or Canadian dollars — will benefit Asian arts organizations in both countries.

The event is scheduled for 6 p.m. PDT/9 p.m. EDT on the Facebook and YouTube channels of organizer Seed&Spark.❑

Leatherback Turtle hatching on Eagle Beach

EAGLE BEACH — Last Wednesday, May 27, a Leatherback Turtle hatching took place on Eagle Beach, just in front of the Bucuti & Tara Beach Resort. Saturday May 23 World Turtle Day was celebrated to bring attention to, and increase knowledge of turtles and tortoises.

On Aruba the foundation Tortugaruba undertakes action to make the turtles survive and thrive. Four species of sea turtles are found nesting on Aruba: The Leatherback, the Loggerhead, the Green and the Hawksbill.

82 eggs hatched and these newborn baby turtles came up from below the sand from a hole that the mother had dug and filled with eggs about 60 days ago. The pictures, made by Ken Grille, feature multiple baby turtles hatching out of their eggs in the sand at the same time. Turtugaruba Foundation monitor every nest, block it off, and educate people on how to keep the turtles safe as they hatch.

The Donkey Sanctuary has reopened!

ST. CRUZ — After the obligatory lock-down because of the Corona virus on the island, the Donkey Sanctuary has officially reopened. A visit to the donkeys might be a great idea, combining a learning experience with fun.

Of course the volunteers have kept on working during the lock-down, as the donkeys needed to be fed and cared for and the sanctuary needed cleaning on a daily basis as well.

That is one of the reasons why their clean sanctuary is ready to receive you from 9 am until 4 pm.

During your visit there is a number of rules to adhere to:

* no more than 10 visitors at a time are allowed inside the visitors' center

* there should be a distance of 6 feet between persons

* one visitor at a time is allowed inside our shop

* please use your bank card – preferably no cash money

* wash your hands with soap.

All in all standard rules that you will find everywhere. They will keep you safe and relaxed while visiting the sanctuary. Please come and enjoy your time with their lovely animals. There is no entrance fee.❑

Perfect social distancing activity in nature

SAN NICOLAS — With Aruba slowly re-opening again we imagine you are jumping up and down to go out. On the other hand you are not keen on crowded places while the COVID-19 virus is still wandering around. For you and your family we have the perfect thing to do: kayaking in the mangroves. You and your family alone with nature!

Mangel Halto at Savaneta is definitely a place not to miss out on. The beautiful beach with the natural mangroves is simply a beauty, but if you are into a more active way to enjoy the nature: take a kayak. While you are doing some workout -as it might get a little windy and rough-, you will see the island from a different perspective. You can even make a stop to do some snorkeling at the reef. It's fun, it's healthy and for sure something else.

The Shack Aruba offers kayak and snorkeling adventure starting from Santo Largo, Savaneta through Aruba's Mangrove Lagoon, an unspoiled region of Mangrove forests, winding channels of the Isla di Oro with allot of history and first-rate snorkeling territory of Mangel Halto. You'll pass beautiful reefs with crystal-clear waters, home to an abundance of wildlife including sea-turtles and pelican. They offer eco-friendly adventure you're not going to want to miss. Check them out on Facebook The Shack Aruba for more details. ❑

Philip's Animal Garden welcomes you again

NOORD — Looking into something to do with the family this weekend? Let's hop to an amazing place. Something different, an experience that is to be enjoyed by people of all ages. Welcome to Philip's Animal Garden, open again for visitors from Friday May 15th, yet taking care of all the needed precautions.

We are not talking about a zoo here, this is actually a sanctuary for all types of creatures, from horses to peacocks, kangaroos to turtles, monkeys, goats, and many, many more different species. The place was founded in 2009 and it is the only organization rescuing and rehabilitating exotic animals in Aruba, which has resulted in an amazing collection of these animals. They provide a suitable living environment for all the rescued animals. Up until now the owner, Philip, has built this shelter with his own efforts; building all the cages from scratch, designing all structures and welding them with his own bare hands. His goal is to upgrade the facilities to a world-class animal shelter with veterinary care and round-the-clock staffs. With the input from the Aruban community and visitors they provide the best care for these animals.

Starting Friday May 15th, Philip's Animal garden will be open from 9am to 6pm respecting the social distance rule and no groups allowed.

Please check out their Facebook Philips Animal Garden and website for more information: www.philipsanimalgarden.com.❑
